

RIGA OLD TOWN WALK & BLACK BALSAM TASTING

3 hours walking tour

During the **Riga Old Town walking tour**, you will enjoy the beauty of the ancient Hanseatic city, which was first referred to in chronicles in 1201. While strolling through the picturesque cobblestone streets of the Old Town you will see the Town Hall Square and House of the Brotherhood of Blackheads, St. Peter's Church – a significant 13th century monument of Gothic architecture with the tallest tower in Riga; Dome Cathedral that boasts one of the world's largest pipe organs; the former Stock exchange building, Small and Great Guild Houses, the architectural ensemble Three Brothers, St. Jacob's Cathedral, the Parliament House, the Swedish Gate, the Powder Tower, the Freedom Monument, and pass many other wonderfully restored buildings, now housing cosy restaurants, cafes, bars and souvenir shops.

Take a coffee break during your tour to **taste the Latvian national drink** – Riga Black Balsam. It is probably the oldest bitter brand in the world, its history of craftsmanship dating back over 260 years. Although the ingredients are not secret, only two people in the world – the master distiller and his apprentice – know all the details of the renowned single-barrel process. Riga Black Balsam is highly regarded by experts from many countries for its outstanding quality, resulting in more than 100 awards at international fairs. The locals still unchangeably believe this drink can cure any disease.
